

# Glidex®

## Don't take our word, take theirs.

### Here's What Some of Our Customers Have to Say.

"Since using Glidex®, my calls for hard-to-throw switches have been eliminated!"

"Glidex® has great capillary action compared to graphite and lasts twice as long. Glidex® reduces the torque required to throw the switch."

"I've been on the railroad over 31 years and this is the BEST lubricant I've found."

"Dealing with all the sand in our area, Glidex® doesn't pack up or collect the dirt."

"We tried an AG-based product on our switches in our tunnels and it attracted rodents. Glidex® works better and is much more economical."

"By far this is the best lubricant I've ever used for our lift bridge."

"On our king switch, the throw times are quicker than anything else we've ever used."

## Some of our satisfied Glidex customers:
